Pest Control Service

Rosslyn Heights East has an exterminator under contract for routine pest control for common areas (laundry rooms, stairwells, etc.). As part of the contract, certain pest control services are available to individual unit owners at no extra charge for up to five unit owner requests per month.

If a unit owner needs to schedule extermination services, call American Pest Management Inc., Herndon, Va., at **703-810-1020** between 8 a.m. and 4 p.m. on weekdays. Identify yourself as a unit owner at Rosslyn Heights East. **NOTE:** You may have to identify RHE with the address of 1220 N. Meade St., which is how the company lists RHE in its customer database.

The contract covers treatments for:

- Rodents
- Spiders
- Roaches
- Ants (excluding carpenter and pharaoh ants)
- and sealing of fist-size or smaller holes in unit walls where pests may enter a unit.

American Pest Management charges unit owners/residents for other types of extermination.

American Pest Management provides services on every **fourth Friday** of each month on request. Unit owners must call no later than the **day before** to be placed on the schedule. The unit owner or tenant must be present to let the exterminator into the unit. American Pest Management charges unit owners or residents \$150 for services provided outside of the regularly scheduled monthly visit.
